

Capacitor Carrier Tape

The 1901 carrier tape is made of the specially formulated polycarbonate resin carefully blended with carbon powder. Our exclusive recipe has made it a perfect combination of high electrical performance and excellent physical properties. The 1901 series carrier tape also gives ideal protection to those highly electro-statically sensitive components.

Carrier Tape. Embedded Film Capacitors - Carrier Film. High Heat Resistance. High Tension. Do not leave residue. Carrier film. 1. Apply the Carrier film onto the Circuit Board. Circuit Board. 2. Plant the Capacitor within the given space on the ...

The 2101 series carrier tape is Non-conductive, natural transparent, precisely manufactured to meet or exceed the EIA guidelines. Available in a wide selection of design where the various pocket dimensions are required to accommodate modern SMD devices.

In order to help you choose a good carrier tape manufacturer correctly, below I list the top 15 global SMT carrier tape manufacturers and their websites, profiles and products. ... For example: chip resistor, chip capacitor, chip inductor, chip bead, chip transformer, chip LED, chip oscillators, chip coil, and other SMD type electronics ...

Passive Device Carrier Tape Suitable for: Resistor, Capacitor & SMD Components... Cover Item: heat-sealing Cover Tape, self-adhesive Cover Tape Plastic Reel ... energy-saving products and SMT carrier tape solutions. To meet production needs, we have two manufacturing plants in Guangdong and Fujian, China. And has obtained ISO9001:2015, UL ...

Embedded Film Capacitors - Carrier Film. High Heat Resistance. High Tension. Do not leave residue. Apply the Carrier film onto the Circuit Board. Plant the Capacitor within the given ...

CARRIER TAPE Material Type / Appearance ESD (S/R) ohm/sq Application PC Conductive, Static Dissipative 10E4-10E7 LED, Bare Die, ICs, WLCSP, Relay, Transistor, RF packages... PC Transparent Antistatic 10E7-10E11 Capacitor, Inductor, Crystal Oscillator, EMC... PC Transparent Non-antistatic > 10E12 Capacitor, Resistor, Crystal Oscillator ... PS Conductive ...

We mainly provide professional carrier tape / cover tape / plastic reel and SMD Component Semi-Automatic Taping Machine with the advanced moulding device.

Embossed carrier tape is used for packing various small electronic components used in cell phones and precision equipment. During the embossing process, recesses (pockets) are shaped on the surface of a thin paper or plastic tape. Components are then individually placed into the hundreds or even millions of pockets, sealed with a cover tape ...

Capacitor Carrier Tape

The 1101 series carrier tape is Non-conductive, natural transparent, precisely manufactured to meet or exceed the EIA guidelines. Available in a wide selection of design where the various pocket dimensions are required to accommodate modern SMD devices. More than 250 open tools ready to serve customers, including 0402, 0603, 0805, 1008, 1206, 1210, 1808, 2010, 2220, ...

The 1701 series carrier tape is made of the specially formulated polycarbonate resin carefully blended with carbon powder. This combination offers an excellent electrical performance while the physical properties still remained at top level. This series of carrier tape gives a very good protection to those electrostatically sensitive components.

Ceramic Capacitor 0402 (01005) in mm (inch) supported. Narrow pitch emboss taping (Width: 4mm, Pocket pitch: 1mm) ... Embossed Tape, made of plastic, prevents this problem and allows for mounting of ultra-small chip ...

Embossed Carrier Tape and Cover Tape-factory. Dongguan Jiushuo Industrial Co., Ltd. was established in 2008, the factory is located in Dongguan City, Guangdong Province, China, covers an area of 5200 square meters.

Embossed Carrier Tape Suitable for: Inductance, Coil, Components, Shield... Passive Device Carrier Tape Suitable for: Resistor, Capacitor & SMD Components... Cover Item: heat-sealing Cover Tape, self-adhesive Cover Tape Plastic Reel Normal & with Anti-static Paper Reel Material: Paper, Diametric: 13??, 15??, 22?? Components ...

Murata Ultra-Large band Silicon Capacitor ULSC 0603 100nF BV11 8 Ultra Large band Silicon Capacitor ULSC 100nF 0603 BV11 Figure 12 - Tape drawing (not to scale) Cavity dimensions Carrier tape width W0 Carrier tape pitch P0 Quantity per reel A0 B0 K0 1.23 2.19 0.44 8 4 1 000 Film frame carrier With UV curable dicing tape (UV performed)

Ceramic Capacitor Environmentally friendly narrow-pitch taping (0201, 0402, 0603 inch sizes compatible) The pocket pitch of the taping is reduced to half of the conventional pitch. We propose the change to narrow-pitch taping, which ...

The 1201 carrier tape is a transportation medium to deliver electronic devices to SMT point. The 1201 carrier tape is made of the specially formulated polycarbonate resin carefully blended with carbon powder. Our exclusive recipe has made it a perfect combination of high electrical performance and excellent physical properties.

Murata Ultra Large band Silicon Capacitor ULSC 0402 100nF BV11 9 Ultra Large band Silicon Capacitor ULSC 0402 100nF BV11 Film Frame Carrier: With UV curable dicing tape (UV performed). Good dies are identified using the SINF electronic mapping format. No ink is added on wafer to label other dies. Figure 9 FF070 Frame with a 6''' wafer

Capacitor Carrier Tape

Capacitors store energy so handle them with care. Why This Repair Might Be Needed: If your AC isn't cooling effectively or has startup issues, a faulty capacitor could be the cause. This guide will help you replace the capacitor quickly and efficiently. Remember to prioritize safety.

Sinho's this special PS (polystyrene) carrier tape is static dissipative and transparent. Its superior transparency performs in -pocket part inspection. It offers good strength and stability over time and temperature variations for a wide range of sizes and design, in accordance with EIA-481-D standards, ideals for packaging capacitor ...

You can purchase a capacitor for a Carrier air conditioner at most home improvement stores or online retailers. When purchasing a capacitor, make sure that you purchase a capacitor from a reputable brand. How to Replace a Capacitor for a Carrier Air Conditioner. Replacing a capacitor for a Carrier air conditioner is a relatively simple task.

Passive Device Carrier Tape Suitable for: Resistor, Capacitor & SMD Components... Cover Item: heat-sealing Cover Tape, self-adhesive Cover Tape Plastic Reel ... energy-saving products and SMT carrier tape solutions. To ...

3M(TM) Polycarbonate Carrier tapes are available in a range of precision manufactured designs and solutions to help minimize die migration and cracking and to help reduce pick-up failure. ...

High quality 8mm - 88mm SMT Carrier Tape Environment Friendly For Fuse Bead Capacitor from China, China's leading carrier tape reel product, with strict quality control electronic component carrier tape factories, producing high quality ...

Ultra Large band Silicon Capacitor ULSC 0402 47nF BV30 Figure 8 - Tape drawing Cavity dimensions Carrier tape width W0 Carrier tape pitch P0 Reel Capacity Ao Bo Ko 0.92 1.31 0.56 8 4 1 000 Table 7 - Tape dimensions (mm) Rev. 3.00 Technical Datasheet Murata Ultra Large band Silicon Capacitor ULSC 0402 47nF BV30 ...

global press pocket paper carrier tape market size was at approximately USD 0.15 billion in 2023 & to reach USD 0.25 billion by 2032, at CAGR of about 6.50% ... Share, Growth, and Industry Analysis, By Type (2mm Pitch, 4mm Pitch and Others), By Application (Capacitor, Resistor, Inductor, Integrated Circuit and Other), Regional Insights and ...

The 2201 carrier tape is made of the specially formulated polystyrene resin carefully blended with carbon powder. This combination offers an excellent electrical performance while the physical properties are still remained at top ...

Top tape and bottom tape for covering and transporting passive components such as multilayer ceramic

Capacitor Carrier Tape

capacitors (MLCCs), resistors and inductors.

Murata Wire bondable Vertical Silicon Capacitor WBSC / WLSC 0303 10nF BV100 1 Wire bondable Vertical Silicon Capacitor WBSC / WLSC 0303 10nF BV100 ... Cavity dimensions Carrier tape width W0 Carrier tape pitch P0 Reel Capacity Ao Bo Ko 1.1 1.1 0.30 8 mm 4mm 1000 Table 6 - Tape dimensions (mm)

Owing to the effort, our company has grown rapidly in the past and we are now proudly ranked as the largest carrier tape manufacturer in Taiwan. Carrier-Tech Precision Co., is a tape & reel packaging company specialized in PC carrier tape 8mm~12mm PS carrier tape 12mm~200mm, PP coating tape 8mm~12mm, Plastic Reel, 7", 13", 15" Cover tape and ...

High quality 8mm - 88mm SMT Carrier Tape Environment Friendly For Fuse Bead Capacitor from China, China's leading carrier tape reel product, with strict quality control electronic component carrier tape factories, producing high ...

Murata Low Profile Silicon Capacitor LPSC 0402 330 pF BV30 1 Low Profile Silicon Capacitor LPSC 0402 330 pF BV30 General description ... Cavity dimensions Carrier tape width W0 Carrier tape Ao Bo Ko pitch P0 0.79 1.31 0.33 8 4 Table 6 - Tape dimensions (mm) Rev.2.1.

The 1201 carrier tape is a transportation medium to deliver electronic devices to SMT point. The 1201 carrier tape is made of the specially formulated polycarbonate resin carefully blended ...

The carrier tape inspection machine uses the servo motor to drive the pin wheel, and then uses the CCD to judge the image and software, and to classify OK and NG, so as to achieve the purpose of appearance inspection and replace the shortcomings of ...

As a packaging for loading and storing electronic components, SMT carrier tape can protect electronic components from contamination and damage during transportation. Therefore, it is widely used as a plastic carrier ...

Capacitor Ceramic Capacitor Introducing the new packaging method we are adopting for clean surface mounting. Environmentally friendly narrow-pitch taping (0201, 0402, 0603 inch sizes compatible) ... Applicable Chips/Tape Dimensions. It supports 0201(0.6 × 0.3mm), 0402(1.0 × 0.5mm) and 0603(1.6 × 0.8mm) inch sizes. W8P1. W8P2
