Nonetheless, while the initial cost is high, the maintenance of all-in-one street lights is lower than that of the split solar street lights, which would offset your overall expenses to some extent. Another thing you should be aware of is that the integrated panels on some all-in-one lights can only be adjusted alongside the lighting fixture, which may induce less flexibility.

We're well-known as one of the leading solar street light manufacturers and suppliers in China for our quality products and wholesale service. Please feel free to buy bulk solar street light at cheap price here and get pricelist from our factory.
