They operate without AC power; this battery-only model has a 5-year battery life. Battery-powered meters feature pulse outputs for alarms (empty pipe, low battery) and volumetric data. All meters feature a buttonless display that eliminates accidental setting changes.

High performance electromagnetic flowmeter batteries that fit all Sparling battery operated electromagnetic flowmeters and other agriculture brands. Compatible with Seametrics flowmeters AG2000 and AG3000 flow meters. Flow measurement is a crucial part of all systems and our batteries ensure operations continue without excessive costs.

&lt;p&gt;The Siemens MAG 8000W flow meter is an affordable battery powered water meter, providing the flexibility to install a reliable water meter virtually anywhere. No mains power is required as the MAG 8000 can use an internal or external battery pack, which allows operation in stand-alone applications for up to 10 years.&lt;/p&gt; &lt;p&gt;MAG 8000W water meter complies with the OIML R49 ...
