This is my favorite Laos restaurant in the DMV area. Everything here is just perfect. Great service, great food, and nice ambience is all you can ask for in a restaurant. There aren't many Laos restaurants in the DMV but this one is ...

It might be a battery issue. You can try removing the battery of the computer and use it normally. Check whether the problem will come again. If the computer can run normally, then the battery of the computer might be corrupted. Otherwise, there might be something wrong with the power of the computer.
