The STIHL battery product line features four tiers of performance, so you can find the right family of products for your needs. Whether you're a landscaping professional or an occasional use homeowner, STIHL battery tools have the power to get the job done On A Single Charge(TM), and to do it as well as gas-powered products.

It is suitable for a wide range of battery specifications, and can be adjusted by customers to work with the batteries to be tested. The non-base plate design allows the battery to be lifted, reducing the thermal impact on battery test. Moreover, the removable battery compartment also makes changing battery convenient and flexible.
