Business Card Design. A business is given a positive first impression when its business cards are visually appealing and thoughtfully designed. The card has a professional appearance thanks to the usage of the brand's logo, tastefully displayed company information, and the appropriate typography and color scheme.

A capacitor is a device that stores energy. Capacitors store energy in the form of an electric field. At its most simple, a capacitor can be little more than a pair of metal plates separated by air. As this constitutes an open circuit, DC current will not flow through a capacitor. If this simple device is connected to a DC voltage source, as ...
