Mine (very early 2020) originally came with 12V lead acid battery. I've been reading that replacing 12V lead acid batteries with 12V lithium can be problematic because it can confuse Tesla computer thinking the new 12V lithium need replacement even though there's nothing wrong with it which is what I'm trying to avoid.

Whether you're looking to replace the batteries on a single UPS or an entire system, Battery Wholesale is prepared to offer you competitive pricing.
