Welcome to wholesale or buy discount battery at the best price here and get quotation from our factory.

Our research into enhancing Lead Acid Batteries with graphene commenced in 2016. The initial motive of the project was to enhance the dynamic charge acceptance of the negative active material. After years of extensive research, we came to understand that graphene not only improves charge acceptance but also improves and enhances other key aspects of the ...

Established in 1996, Guangdong Aokly Group Co., Ltd. is a leading lead-acid battery manufacturer and supplier in China, integrating research and development, production and sales, as well as a high-tech enterprise in Guangdong Province. With advanced production equipment and testing instruments imported from Italy, Aokly offers a wide range of battery products, ...

Lithium batteries are much lighter than traditional lead acid batteries and deliver longer cycle life, more than 4 times more cycles compared to lead-acid batteries. The Nest Generation lithium batteries are great for use in caravans, marine, camping and solar storage applications.

The model number of this battery is BW 121000 IT. Sealed lead-acid batteries (SLA) come in two variants:
either gel or absorbent glass mat -- this indicates the material inside the battery itself. This battery is the AGM
variant. This battery has an IT-F12 terminal. (Other terminal options may be available. See the difference
between terminals.)
