

Selling batteries for profit

I did some research and saw that people were selling car batteries on Craigslist for between \$1 and \$100. 5. Local auto repair shops. Local auto repair shops are good for selling used batteries and you can even take in a dead battery. Many repair shops recondition dead batteries to resell them at a discount to their customers. Give your local ...

They will pay you for things they think can turn a profit. The good news about pawnshops is they will buy car batteries for cash if you need the money in a hurry. The bad news is, since they are a middleman, the price you receive may be less desirable. Remember, they're taking the responsibility of finding a buyer and stuck with your stuff until they do. 6. Walmart. ...

Making batteries and arbitrage work, selling back at peak rates 07-22-2019, 01:09 AM. Well, here it goes. Wife and I are finally making the jump to installing solar (mainly we want the 30% credit in Cali before it runs out and/or diminishes) and I'm trying to figure out if installing batteries (cuz I'll get 30% PLUS \$250/kWh rebate if I do it) makes any sense at all. ...
