Here is something to think upon when selecting a DC power supply for any radio; Commercial equipment will give an amperage rating on a supply using CCS (continual commercial service). This assumes that the transmitter duty cycle ...

Keeping hedges and small bushes nice and neat can be a lot of work. Save time and fatigue by using a power hedge trimmer. Two flat blades provide more power than a single blade. Corded models are more powerful than battery-powered hedge trimmers. Battery-powered hedge trimmers do allow more freedom but require more upfront investment.

Virtually all of the APC/Cyberpower UPS you find on Amazon will include either 1 or 2 12V/8AH batteries (some may be 7AH some 9AH) but they're all the same physical size). the total power available is #batteries * 12 * amp-hours so a typical 1500VA UPS (2 batteries) has a theoretical 192WH of total capacity (which means it can theoretically provide 192Watts for 1hour, 384 ...
