Solar panels cost between \$8,500 and \$30,500 or about \$12,700 on average. The price you'll pay depends on the number of solar panels and your location.

Foldable solar panels, like the SUAOKI Solar Charger, can also be a good choice. Like flexible panels, folding solar panels are an excellent option for camping and hiking trips if you need lightweight and portable power. A flexible solar panel setup is usually best for on-the-go solar power instead of as a permanent home solar solution.
