Our Universal Solar Street Lights (High Power) have many advantages over the traditional cheaper imported solar lights. Brighter LED Chips: Philips, Cree or Litup LED chips provide 130-151 lumens of light per watt with LM80 LED packages (high end components).

We engineer our solar street lights so they last 20 years.. We do this by allowing our lithium LifePO4 batteries have an average remaining charge of 80% at dawn.. Depending on the location this could mean a bigger solar panel tilted at the correct angle.
