Many outdoor solar light manufacturers claim that their products are waterproof, but Aootek puts their money where their mouth is with an IP65 waterproof rating. This means that the light can handle water jetting at it from all directions and is 100% dustproof, ensuring neither rain, dust, nor snow will be an issue.

Solar waterproof 5kWh power street light at campsite

The controller board is the "brain" of the solar light and takes in power from both the solar cell and the battery, along with input from the photoresistor to indicate when to turn on the LED. Solar lights stay on until the batteries run out or the photoresistor detects the absence of light (in the case of dusk-to-dawn lights).
