Top Terminal Our Top Terminal battery cabinets are designed to provide reliable DC power where real estate is at a premium, while utilizing top terminal batteries from high quality manufacturers. These cabinets are designed to meet UL and NEMA 1 ratings and is made from heavy gauge steel and corrosion resistant, powder coat finish.

terminal or exposed wire connected to a battery terminal. NEVER allow a metal object, such as a tool, to contact more than one termination or battery terminal at a time, or to simultaneously contact a termination or battery terminal and a grounded object. Even a momentary short circuit can cause sparking, explosion, and injury.
