Attending the "Conference on Hanoi Investment Connection and Semiconductor Industry Development 2024?", FPT leaders shared experiences and solutions to encourage cooperation between companies in the semiconductor sector in Hanoi, which aimed to make Hanoi a "land" of semiconductor technology in Vietnam and on the globe.

Vapes stores in Hanoi only offer vaporizers, e-liquids, batteries and chargers, atomizers, or accessories. When asking the owners of vape stores in Hanoi, they have little to no knowledge of snus or nicotine pouches. This is also a common sentiment among Vietnamese people that leads to the lack of snus consumption in this Southeast Asian nation.

Hanoi 2024 Semiconductor Industry Connection, Investment Promotion and Trade Festival has a scale of 2.000 - 2.500 m2 with about 60 booths attracting dozens of semiconductor industry businesses. Here, units ...

Hanoi has plenty of instrument providers. If you go with local people and are not afraid of bargaining, you had better go to Hao Nam Street. This street is famous for instrument trading, since it is near Vietnam National Institute of Music. Shops here offer a variety of instruments, from foreign ones such as guitar, mandolin, bass guitar, violin, cello, piano, flute to traditional ...

Solid-state batteries (SSBs) are hailed as a technology pivotal to advancing energy storage solutions. Viewed as the next evolutionary step in battery technology, SSBs promise enhanced safety, higher energy density, and longer life cycles, making them especially attractive for applications like electric vehicles and large-scale energy storage.

As the urgency of the climate crisis becomes even more prominent, semiconductor advancements in batteries hold the answer to transitioning to a renewable-fueled world. Wind and solar are certainly playing a major role in power generation, but without an effective energy storage technique, coal and natural gas will be needed for times when the ...
